

The following message is from Brad McCone, THSPA Business Director

The website is up to date. I checked the Po box on Saturday 1-24-15 @ 3:00 pm. I entered all that I have my hands on. The mail is really slow! I checked the PO box Wed (1-21-15) and today I still got post mark dues on 1-8 though 1-20. For example, Alvarado's (which is 25 miles from Crowley) dues were post mark 1-20-15; however, Alice's dues were post mark 1-9-15. That is an 11 day difference minus the 3 days between Wednesday and Saturday. This results in a 8 day difference. I cannot explain this and it will mean I might get dues that are post marked 1-24-15 in the first week of February. THE LATE FEE ONLY APPLIES TO POST MARKS AFTER THE DUE DATE. If you have a school still highlighted yellow or show up highlighted in yellow, please contact them and lets try tackle the problem early. I will go thru the envelopes and they need to get a computer copy of check, mailing date, and address from their business office. Please do not encourage anybody to cancel a check!!!!!!!!!!!!!!!!!!!!!! If I cash two for one school, we can either apply it to 2016 or I will reimburse the school district. Let's try and find the one with the correct post mark date first.
