There will be cameras on all three platforms that will be simultaneously feed to three screens on their YouTube Channel so that parents, friends, and anyone who wishes to view this event. With three split screens on the YouTube Channel, anyone who wishes to view this event can do so from the comfort and safety of their own home. A QR code will be generated by the end of the week and placed on the THSPA Region 5 – Division 1 section so that anyone that wants access will have it.

**Hospitality Room/Lunch**

Unfortunately, because of protocols, we will not be able to have our traditional hospitality room or BBQ Chicken plates. However, there are several restaurants that are in the area that can cater to your lunch needs.

While nothing can replace being there live and in person, safety is our priority! We are looking forward to seeing the “Strongest Region in the State of Texas” compete for a chance to advance to State competition on March 27, 2021 in Abilene, TX.

Respectfully,

Rene Guzman
