By signing below, I certify that all students and staff travelling to the facility named above have been screened for COVID-19 signs and symptoms according to UIL and TEA guidelines.

### Required Screening (Updated September 1, 2020)

Required Screening before attending or participating in activities:

If staff have not been screened by the school for purposes of participating in instructional activities, schools must implement these screening protocols before allowing staff to participate in UIL activities.

- Schools must require staff to self-screen for COVID-19 symptoms before participating in UIL activities or entering areas where UIL activities are being conducted. Symptoms are listed at the end of this document. The self-screening should include staff taking their own temperature. Staff must report to the school if they themselves have COVID-19 symptoms or are test-confirmed with COVID-19, and, if so, they must remain off-campus and away from areas where UIL activities are being conducted until they meet the criteria for re-entry as noted below. Additionally, they must report to the school if they have had close contact with an individual who is test-confirmed with COVID-19, as defined at the end of this document, and, if so, must remain off-campus and away from areas where UIL activities are being conducted until the 14-day incubation period has passed. Close contact is defined in this document below.
- Parents must ensure they do not send a student to participate in UIL activities if the student has COVID-19 symptoms (as listed in this document) or is test-confirmed with COVID-19 until the below conditions for re-entry are met. School systems may consider screening students for COVID-19 as well. Screening is accomplished by asking questions by phone or other electronic methods and/or in person. The screening questions should also be asked of a student's parent if that parent will be dropping off or picking up their student from inside areas where UIL activities are being conducted.
