

To All Member Schools, Coaches, and Stakeholders of the
Texas High School Powerlifting Association:

The Texas High School Powerlifting Association (THSPA) would like to formally clarify the procedures and timeline regarding the election of Regional Directors.

Regional Directors are elected to serve a **four (4) year term**. The Association is currently in **Year Two of the existing four-year election cycle**. As such, **no Regional Director elections will be conducted during this cycle**, unless a Regional Director is **vacating the position** prior to the completion of their term.

In the event that a Regional Director vacates their position, an election to fill the vacancy **may be conducted at the current year's Regional Meet**, in accordance with THSPA bylaws and established procedures.

This notice is being provided to ensure transparency, consistency, and a clear understanding of the governance process for all member schools and participants. We appreciate your continued commitment to the growth and integrity of Texas high school powerlifting.

Should there be any questions regarding this process, please contact the Association through the appropriate administrative channels.

Respectfully,

A. Rene Guzman

President

Texas High School Powerlifting Association
